

Clarkston Clinic Opens – Southfield Clinic Coming Soon

In August, Team Rehabilitation opened its 7th location. The clinic is located in Clarkston at 7250 Dixie Hwy, in a beautiful new building that sits between White Lake Rd and Big Lake Rd.

Kevin Byrne, DPT, is the clinic director and lead PT. He joined Team Rehab earlier this year. Kevin had previously worked at McLaren Regional Medical Center, in the Outpatient Orthopedics, with a focus on sports medicine. Kevin is joined by Dawn Hovey, who handles admissions and other related duties.

Team Rehab is working toward opening another clinic in Southfield. The clinic should be opened by the end of the year. A building has been selected in the 12 Mile and Greenfield area but some zoning variances are needed before the location can be finalized. The Clinic Director will be Steve Scher MSPT, ATC, CSCS, PES.

Hardworking Lady Doesn't Miss a Beat in Macomb

Carol Hintz is a hard working woman. On a normal day, she spends 7 hours on her feet at her job at Chrysler. When she is not working at Chrysler she keeps busy by working for a cleaning business. When she experienced pain in her knee she visited Dr Lerchin, who diagnosed arthritis. Dr Lerchin suggested she try physical therapy and referred her to Team Rehab's Macomb Township clinic. She was treated by Amy Fausone, OMPT, and soon got better.

Later on she was diagnosed with sciatica, and she returned to Team Rehab. This time she was treated by the clinic director Laura Nazarko, PT. Carol said that Laura “stretched her like a pretzel,” but it did the trick and she got better again.

Carol enjoyed being in the clinic and loved the “family atmosphere.” She said the clinic was “a comfortable place to be and I got plenty of personal attention.” “Sometimes too much attention,” she added facetiously. Carol was very pleased with the results she achieved through PT at Team Rehab.
